July 2005

Delta Produce Co-operative Ltd is New Zealand's largest grower, packer and marketer of fresh Kumara, located in Dargaville, 200 KM north of Auckland.

Delta supplies retail stores nationally and moves on average 50 pallets of produce per day, 250 days per year.

Turners Transport was appointed the exclusive freight operator for Delta in mid 2004 and collects all Deltas' freight on a daily service from Dargaville and distributes nationally.

The company has been extremely pleased with the level of service provided and the professionalism of the personnel employed by Turners Transport, at every level from the Management Team to the truck driver himself.

Kumara requires temperature controlled distribution along with an efficient logistics system to ensure the product arrives in-store at optimum condition, Turners Transport have consistently provided a level of service that meets these criteria.

Yours sincerely
